Superior Shores

Postcards from Away

balopticon: a projector that utilizes reflected light for projecting the images of opaque objects

- Merriam-Webster Dictionary

Balopticon, The Zine

Like so many other random ideas and curious names, I owe this creation to my brother. Rummaging through warehouses at his work, Vladimir discovered an ancient projector under layers of dust. Admiration of an old device with an arcane name sparked the idea and now we have “the zine”. Balopticon is about projecting, sharing, images and thoughts from my ongoing photographic discovery and experimentation. These short weekly editions, I hope, are there to entertain and offer perhaps a different perspective on familiar.

Superior Shores

The great lakes are indeed the imposing inland seas. Lake Superior is the largest and most impressive in its vastness and quiet power. This lake has been known to overwhelm some of the largest of ships with its power and sudden weather shift. More often, it overwhelms with the majesty of its landscape. For centuries, this vital waterway has inspired travelers and artists. It is indeed a timeless place. Facing this great mass of unstoppable water, one can only marvel at the serenity and eternal dimension of this landscape. It's Superior shore, a reminder that we are only visiting here.

Велика језера у потпуности заслужују назив "копнених мора". Супериор је највеће и најимпресивније. Само наизглед тихо, бијес овог језера је довољан да потопа највеће бродове. Срећом, најчешће је у питању моћ природне љепоте, пејсажа који једноставно обара са ногу. Моћ незаустабљиве воде само појачава вјечност овог простора. Обале Супериора, поглед који плијени и подсећа, ту смо само у посјети.
